

## First meeting with Flora!

- Discussed breakdown of website
  - Can combine sources page with homepage (due to so little info being on the sources page)
  - Full breakdown can be found on content outline
- Design ideas
  - Minimalist
    - Lots of negative space
  - Hand-drawn elements (whatever the designer feels comfortable doing)
  - Dark, muted colors
    - With pops of bright color in the illustrations
  - What to avoid: morbid, scary vibes
    - Want this to be upbeat and informational, wacky almost
- Plan to check in before the mockups are due over slack!
